The Honorable [Politician's Full Name]
[Title, Office Name]
[Office Address]
[City, State, ZIP Code]

Dear [Politician's Last Name,]

I hope this letter finds you well. My name is [Your Full Name], and I am a proud member of Plumbers and Steamfitters, Local 400, working as a Fabricator. I write to you today as a concerned citizen, supporter, and a dedicated union worker who values the hard work and contributions that union labor provides to our communities and our economy.

As you know, unions have long played a crucial role in advocating for fair wages, workplace safety, and benefits for hardworking men and women across this nation. As a fabricator, I have seen firsthand the positive impact of union membership, not only on my own career but on the lives of countless working families who rely on the protections and opportunities that unions provide.

However, despite our contributions to the economy and infrastructure, the rights and protections of union workers are increasingly under threat. We face challenges from efforts to weaken labor laws, reduce collective bargaining rights, and limit the power of unions to negotiate on behalf of workers. I know that, as a public servant, you have the power to support policies and legislation that can strengthen our workforce, protect union jobs, and ensure that the working class continues to have a voice.

I respectfully ask that you consider championing the needs of union workers, like me, in your policy decisions and legislative actions. This includes advocating for fair wages, better job security, workplace safety regulations, and supporting pro-union policies that ensure unions remain strong and effective in protecting workers' rights.

Union labor builds our infrastructure, powers our economy, and sustains our communities. By standing with unions, you stand with working people, and you help to preserve the ideals of fairness and equality that have made this country great.

I truly appreciate you and will continue to support you. I hope that, moving forward, you will continue to support the hardworking men and women in unions, ensuring that we have the ability to build a better future for ourselves, our families, and our country.

Thank you for your service, and I look forward to seeing your continued support for the rights of union workers.

Sincerely,
[Your Full Name]
Local 400, Fabricator
