

Dreading the Desk? DITCH IT

Trailblazing Wisconsin women are invited to attend a free career awareness fair, 4 Ways Forward, to explore the essential world of the pipe trades. All four of our trades—**Plumbing, Steamfitting, HVAC/R Service, and Pipe Fabrication**—offer equal pay, exceptional benefits, and an active job site. Ditch the desk, the degree, and the accompanying debt in an apprenticeship that lets you "earn while you learn" from day one. Join us to discover the hands-on, lucrative, and life-changing opportunities available to women at UA Local 400.
